

relevancy to the project as part of their comments. Commenters should supply full citations to all referenced literature, and the Forest Service reserves the right to request copies from commenters of any literature cited but not provided with comment letters.

The Forest Service will accept comments on the EA for 30 days following publication of the comment period legal notice in the Siskiyou Daily News, which is the exclusive means for calculating the comment period. Commenters should not rely upon dates or timeframe information provided by any other source. It is the commenter's responsibility to ensure timely receipt of comments (36 CFR 218.25).

Submit electronic comments to the team lead, Gay Baxter at gay.baxter@usda.gov or the Klamath National Forest's project webpage: <http://www.fs.fed.us/nepa/fs-usda-pop.php/?project=52448> by selecting the "Comment on Project" link in the "Get Connected" group at the right-hand side of the project webpage. Put the project name in the subject line; attachments may be in the following formats: plain text (.txt), rich text format (.rtf), Word (.doc, .docx), or portable document format (.pdf).

Written comments can be submitted by fax 530-468-1290 or mailed to Ruth D'Amico, ATTN: Gay Baxter, Salmon/Scott River Ranger District 11263 North Hwy 3 Fort Jones, CA 96032.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public review (40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21). For more project information contact team lead Gay Baxter at gay.baxter@usda.gov.

NEWS#11792 PUB. SEPT. 22, 2021

COMMENT PERIOD FOR THE DISCOVERY DAY MINE PROJECT

The environmental assessment (EA) for the Discovery Day Mine Project is now available for public review. The Klamath National Forest has received a proposed Plan of Operations (Plan), submitted by Discovery Day, LLC, for operations involving the surface use and occupancy of National Forest System lands associated with the Discovery Day Mine gold mining operation. The purpose of this project is to authorize use of the Discovery Day Mine as proposed in the Plan. The Discovery Day Mine Project is an active and on-going gold mining operation, occurring under provisions of the 1872 Mining Law and Forest Service Regulations. The EA analyzes the environmental consequences of the no action alternative and the proposed action. The EA and supporting documents are available on the Klamath National Forest's project webpage at: <http://www.fs.fed.us/nepa/fs-usda-pop.php/?project=52448>. This project is subject to comment pursuant to 36 CFR 218, Subparts A and B. Only those who submit timely project-specific written comments during a public comment period are eligible to file an objection. In order for referenced material to be considered, commenters should supply referenced literature and discuss its
